- good analytical skills,
- good communication skills
- Operation of different analytical equipment
- Good work ethic
- Excellent imagination and critical thinking skills

Languages

English,Kiswahili and Kimeru

I am a fluent speaker of the above languages

I can understand the following languages

Gikuyu and Kiembu

Profile

I am a passionate young man in the field of Industrial chemistry and analytical chemistry.

Certificates

KCSE certificate and degree certificate

High school and university levels

Certificate on computer packages

Certificate on google digital skills

Certificate on cybersecurity (Cisco beginner level)

Interests & Hobbies

- Reading and participating on emerging innovations based on chemistry in solving the current, future challenges we face as humanity.
- I am also interested in technology on web application development of which I have skills on. I am also an enthusiastic on astrophysics, behavioral science and of which I like to read materials on as one of my hobbies.
- Global issues including global politics.
- On athletics, I enjoy playing soccer
- Watching docuseries and documentaries is also one of my hobbies

Projects

- | | |
|-------------------|---|
| 06/2022 – 07/2022 | detection and quantification of detergent in milk producers around Nyeri <ul style="list-style-type: none">➤ I did the project as per the requirements of the university. I made a report and presented it to the department in hard copy➤ An essay on African traditional medicine➤ An unreal video project➤ A web application which is a social media network based on talent, gifts and skills. The application I named it FRET.A. |
